## Our Production Facility

Established in Istanbul, Bravo Furniture built its factory on an area of 4.000m<sup>2</sup> in a short time like one year. It is an organization that prioritizes the principles of honesty and quality under all circumstances and closely monitors trends and technological developments.

It is a company that grows stronger every day, looks to the future with hope, and takes firm steps towards its goals.

The company is ISO 9001 Quality Management and ISO10002 Customer Satisfaction certified, and all products are unconditionally guaranteed for 1 year.

The kitchens, furniture, bathrooms and doors designed by Bravo Furniture are manufactured according to the relevant regulations and quality standards in the company's plant, which has covered space of 3,000m<sup>2</sup> on a total area of 4.000m<sup>2</sup>.

# Bravo Furniture

Advanced machinery enables Bravo Furniture to offer a wide range of services to its clients. Projects and products are monitored in the pre and post production stages using the ERP integrated management system. From its design through installation, every product is coded and stored in a digital library to be readily available for post-sale services.

Bravo Furniture plant has many highly sensitive machines including CNC (Computerized Numerical Control)

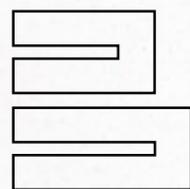

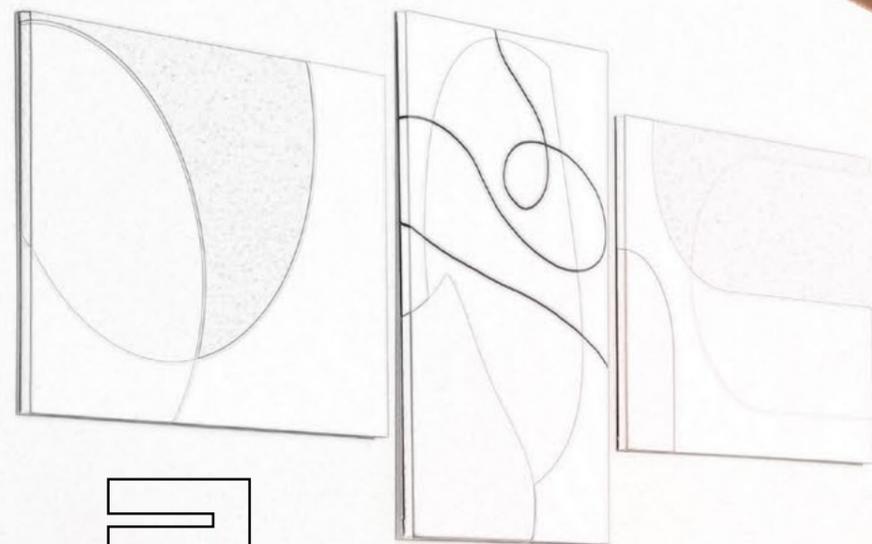

sizing, banding, multiple punch group and calibrators. High quality lacquering and polishing is carried out at the plant with a climate-controlled finishing line, calibre, dry sanding rooms and automatic frame/casement painting lines. Finished items are carefully prepared for dispatch on the plant's fully-fledged packing line.

Bravo Furniture also has manufacturing lines and expert teams for building pergolas.

Many international kitchen and furniture brands have begun to enter the market with the development of the country's construction sector.

Bravo Furniture continues its production that supports the sector with the understanding of "High Quality".

# HOTEL ROOMS

Hotel guest room offers a feeling of home away from home. Room layout is very important for providing comfortable and convenient stay for guest. Rooms are the core product of the hotel and highly perishable product. Hotel has a limit on the number of rooms it can sell (space allowing). Therefore hotel managers continually strive to maintain a high level of quality for rooms. To maintain high standards and to meet the high expectations of the guest frequent renovations and repairs are conducted regularly in all hotels.

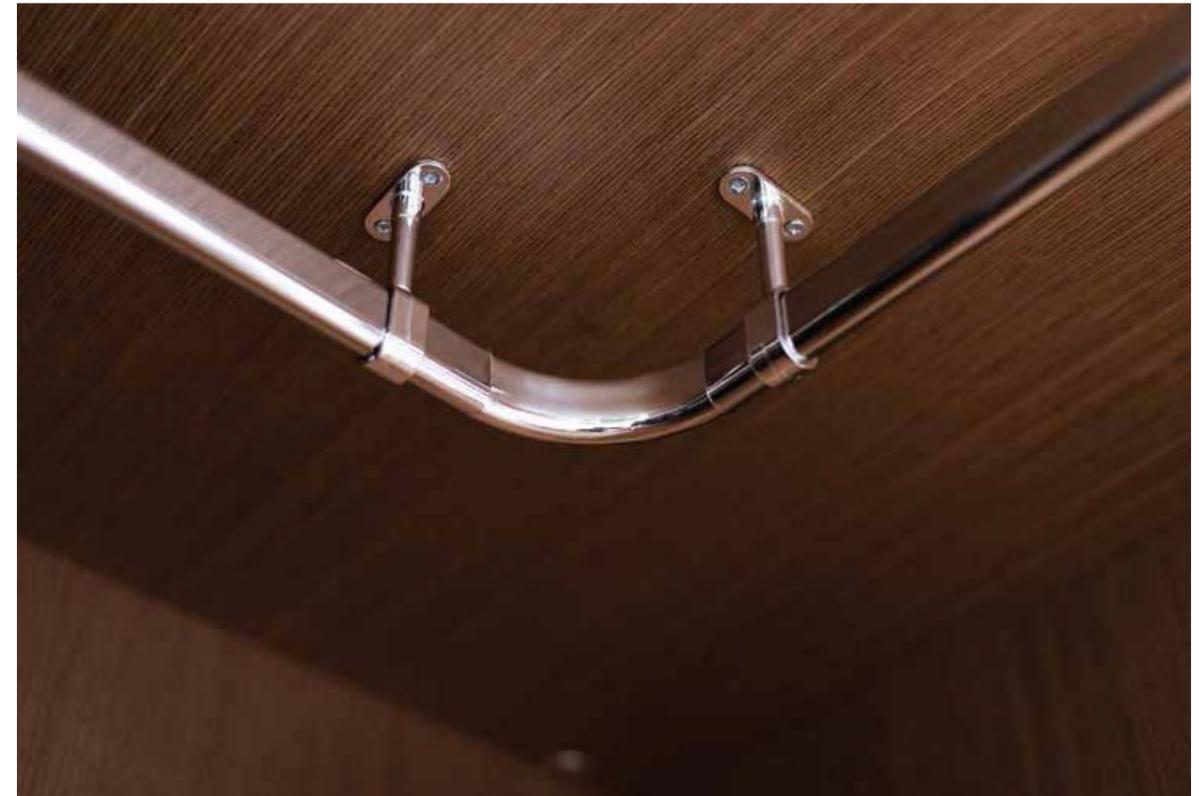

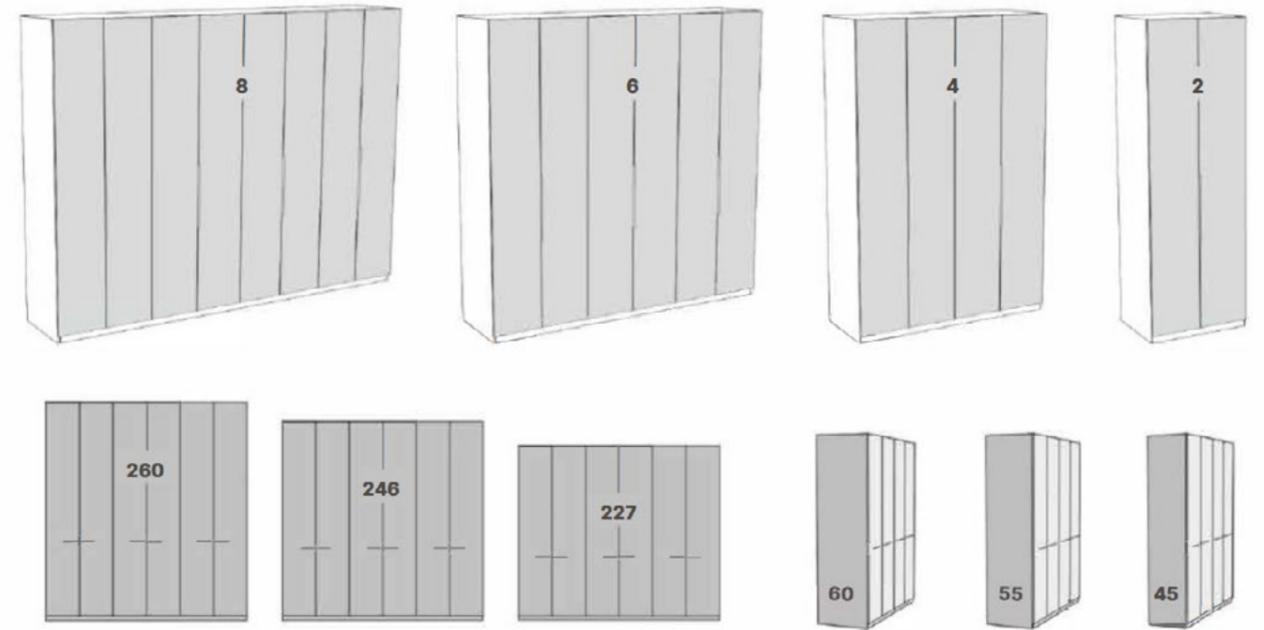

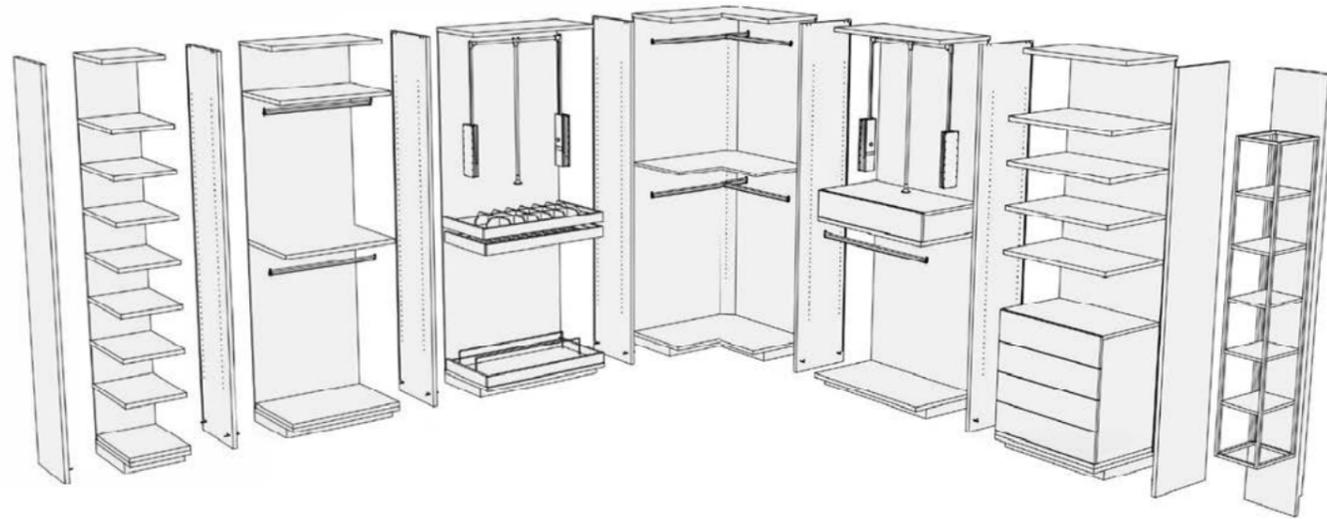

# WARDROBES

Whether you prefer sparkling white or the allure of darker tones, create your own style with subtle personal touches. Turn your wardrobes into a comfortable haven with high quality practical cabinets, large well-appointed storage areas, and beautiful finishing touches.

# KITCHENS

Our kitchens makes a striking impression with its unusual, innovative lines. The remarkable surface texture of the cupboard doors highlights the wood's natural character and beautifully complements the plain surfaces.
